EXAMINER'S REMARKS

1. The following is an Examiner's Statement of Reasons for Allowance:

The claims are deemed allowable over the prior art of record in view of Applicant's remarks filed 30 NOV 2005. In particular, the Rule 105 submission filed 30 NOV 2005 establishes the publication date of reference "DH" after the filing date of the instant application and thus the rejection of the claims over this specification sheet is withdrawn. With regard to amended claim 36, an oral translation of JP 59-82936 reveals that the bin opening means 7 in JP '936 is not disclosed as having the recited structure or function now set forth in section (e) of claim 36. JP '936 merely states the opening/closing device is either in an opened or in a closed state to control discharge of material from the weight tank 5 to the mix tank 8. The particular movement of the opening/closing device (such as the recited pivoting) is not specified and therefore cannot anticipate claim 36, as amended.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles E. Cooley whose telephone number is (571) 272-1139. The examiner can normally be reached on Mon-Fri. All official facsimiles should be transmitted to the centralized fax receiving number 571-273-8300.
